Our Secondary Offer

Curriculum enrichment. Do you have a topic you would like to bring to life with the arts? We use visual art, music, dance and drama to enrich curriculum topics (such as screen printing local history and myths and legends shadow puppets)

Cultural Diversity. We work with artists from all around the world. If you would like your pupils to experience art from a different culture get in touch (Sessions could be African dance, Bollywood dance or African drumming)

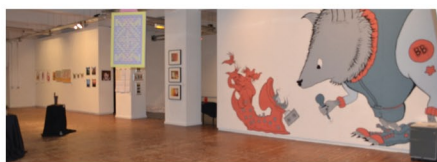

Arts Award. As an accrediting centre we are experts in delivering Bronze, Silver and Gold accreditation.

Transition projects. We use creativity to help make the transition from year 6 to year 7 easier for the children, their family and your school

Artist Masterclasses. Visual artists, dance and performance artists.

Creative Briefs for GCSE & BTEC. We devise creative course content in tune with curricular and assessment criteria.

Theatre & Gallery programme. Seasonal Theatre and Exhibition programme with supporting educational workshops.

Gallery Programme

Bring your students to an exhibition at Z-arts, we offer gallery tours, artist masterclasses and education workshops that interpret and engage students with the artworks.
Visit www.z-arts.org/exhibitions to see our programme.

Creative ICT with Apple Technology

We offer teachers advice and training on how Apple's latest software can be used to incorporate ICT across the curriculum. We can run creative ICT projects for school groups both in school and using our own media suite. Teachers CPD training is available in Garageband, Logic9, Comic Life and Photoshop.

Black History Month

October is Black History Month and we offer schools exciting workshops in African dance and drumming, storytelling, visual arts and capoeira. The sessions can combine practical work with a cultural and historical context.

Work related learning

With our work related learning projects schools can bring student groups to work in partnership with Z-arts to

- Plan, organise and run an event
- Plan an advertising and marketing campaign
- Learn about project management

We can tailor briefs to specific GCSE/B-TEC modules to suit the school and individuals. Recent examples have been for the Theatre Business and the Performing Arts Industry BTEC units

"I highly recommend working with Z-arts as there are great outcomes for the students who are provided with a realistic work environment, working to professional standards collaborating with people from the industry. The students have really enjoyed coming here"- Karl Grimes, Assistant Head Teacher at Newall Green 6th Form
