

Light Trails

Light up your life with the Big Imaginations Festival, from shows like **Kaleidoscope**, based around how a baby's sense of sight develops to **Mini** exploring the different senses. Use light to draw something or write something – tell your own story in this fun game.

What you will need

Phone or tablet

Slow shutter Cam (£1.99 from iOS store/Google Play)

Torches glowsticks, flashing headbands, anything that makes light.

Method

- Download the Slow Shutter Cam app and allow permission to camera and location
- Take photos using the camera in the top left hand corner of the app
- Adjust settings as per this video:
<https://youtu.be/08rpntp2lMY>
- Share with us using #BigImaginations

Make It Simpler!

Prop your phone up to keep it still, or if you have a tripod use that!
