

# Dance Dance Dance

Movement and dance is a really big part of our shows in this Big Imaginations Festival. In **IPet** they're moving with screens, in **Mini** they do all sorts of twists and turns, and in **First Person** they move through a virtual world. Join in with the movement with our interactive game, Dance Dance Dance! See how below.

## What you will need

Laptop with a webcam

Projector

Isadora with the Big Imaginations file downloaded

## Method

- Download Isadora standard edition from:  
<https://troikatronix.com/get-it/>
- Download the Isadora file here:  
[Big Imaginations file link here]
- Make sure your laptop and projector are connected and the projector is showing an extended screen.
- Open the Isadora file
- Click input > live capture settings > make sure video input: device is selected properly > click start live capture
- Click Output > show stages
- Use the space bar to cycle through the options
- Dance, dance, dance!
