

Draw Your Own World!

We create a lot of different worlds and stories as part of Big Imaginations Festival. The world created in **Mole & Gecko: The Show!** and the world created in **Stitch Brothers Patchwork Wonders** for example is very different. Why don't you have a go at creating your own world in this fun game? The only limit is your imagination!

What you will need

- iPad/iPhone
- The application 'World Brush'

Method

- Go to your app store on your device and search for "World Brush" .
- Click on the first result and download.
- Launch the app and allow location permissions
- Click on the drawing tool icon on the left and start drawing on top of what you see around you!
- To save your drawings, click the tick icon on the left

Make It Simpler!

Draw whilst you're moving around.

Top tip:

Try adjusting the brush size for more accurate drawings!
