

Visual Music

The Big Imaginations Festival is full of big sounds! With the musical journey of the **Stitch Brothers Patchwork Wonders**, the harmonious herbs of **The Musical Botanist** and a brilliant musical score by Arun Ghosh for **The Mystery of the Raddlesham Mumps**, there's nothing like sound to affect the mood and drama of a show. You can make your own sound with this game, Visual Music - join in and see how!

What you will need:

- Yourself and your musical brain!
- A computer or tablet

Method:

- Go to <https://www.google.com/doodles/oskar-fischingers-117th-birthday> and click the doodle
- Use the mouse to create sounds on the screen
- You can change the instruments at the top and make bigger changes with the modify buttons.
- Share with us using the hashtag #BigImaginations
